

Pairs

This can be an activity or a competitive game for 2 players.

You will need:

- a pack of playing cards.

Remove the coloured cards (King, Queen, Jack), Joker cards and any card game rules which may have been included in your pack of cards.

Ace has a value of 1.

Shuffle the cards well and then place face up, in a line on the floor.

Pairs

How to play:

Players try to find cards that are next to each other that total 20. Where cards have been removed, slide one side of the line to the other to close the gap.

Pairs

Here are 5 cards that total 20.

Once identified, they can be moved from the line.

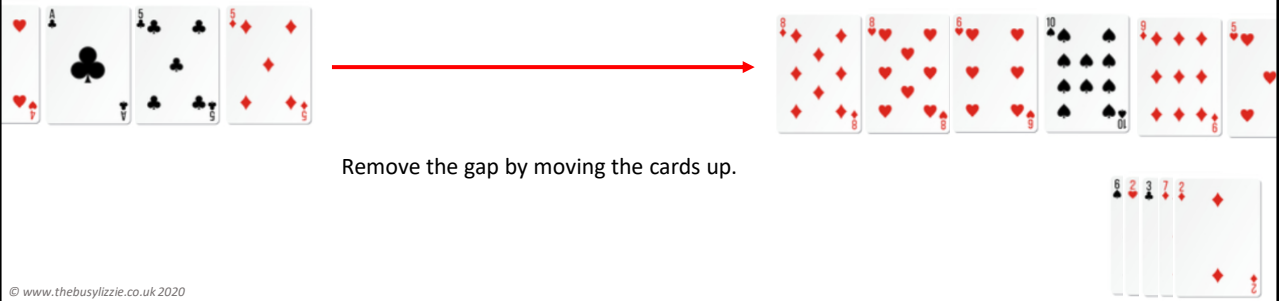

These cards total 20 and can be removed.

Pairs

Removing the cards, creates a gap.

Move one side towards the other, so that you have a continuous line of cards.

Pairs

Here are 4 cards that total 20. These can be removed too.

Move the remaining cards together to make a continuous line.

Keep looking for other cards which total 20.
