

## Apples

There are 15 apples in a tray. Ling has 4 trays of apples. How many apples does Ling have altogether? How did you work it out?

*From Year 2 2006 Pitch and expectation document (revised 2009)*

## Purse

Abi had 80p in her purse. Then she lost one of the coins. How much altogether could be left in her purse? Write down all the different amounts.
