## Two-digit numbers

Here are some digit cards.

You can only use the cards once. Can you make these five two-digit numbers using the digit cards?

- A multiple of 10
- The largest possible odd number
- The smallest possible even number
- A multiple of 5
- A number close to 30

## Two-digit numbers: possible solution

A multiple of 10 **8 0**

The largest possible odd number **9 7**

The smallest possible even number **1 2**

A multiple of 5 **6 5**

A number close to 30 **3 4**
