

Roll and add

A game for two players.

You will need two dice with the numbers 1 – 6 on each dice.

Player one will need 15 red counters.

Player two will need 15 blue counters.

The players take turns to roll two dice.

The numbers on the top of the dice are added together after each roll and a square on the board may be covered with the same total.

Your aim is to get four squares in a row. This can be done vertically, horizontally or diagonally.

4	12	8	3	4	3	9	6	2
11	8	9	5	12	7	2	9	8
5	10	5	8	7	8	11	10	7
7	9	7	8	4	6	8	3	12
10	3	5	11	12	7	11	9	4
