## Make 11

Using only odd numbers, how many addition questions can you write that have a sum of 11?

Each addition question must have three odd numbers.

Watch out for repeats.

# Make 11

$$3 + 7 + 1 = 11$$

$$9 + 1 + 1 = 11$$

$$3 + 3 + 5 = 11$$

$$5 + 5 + 1 = 11$$
