## Prime numbers

Two prime numbers are added together.

The answer is 100.

Find all the possible solutions?

100

# Prime numbers

$$53 + 47 = 100$$

$$59 + 41 = 100$$

$$71 + 29 = 100$$

$$83 + 17 = 100$$

$$89 + 11 = 100$$

$$97 + 3 = 100$$
