Mystery domino

This activity is suitable for EYFS and KS 1 children

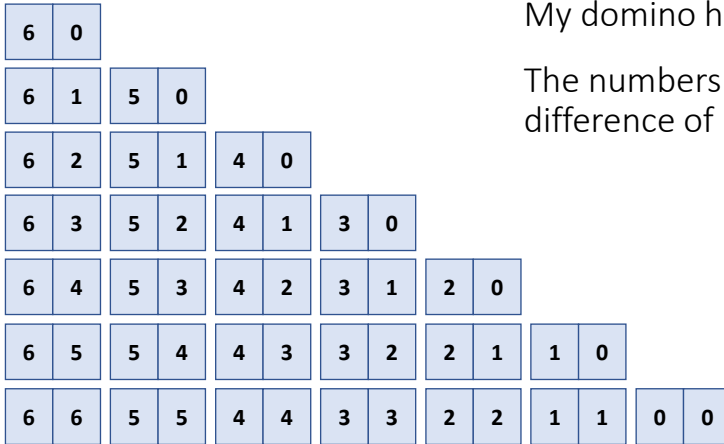

- Ideal for pairs of children working with an adult.
- Give the children a set of dominoes.
- Turn the dominoes face up on the table.
- Read out the clues so that they can eliminate some dominoes and save others.
- Keep giving clues until the correct domino has been found.

Mystery domino 1

My domino has a total of 6 spots

My domino has two different digits

The numbers on my domino has a difference of 2
