## Lollies

Henry and Najla were given a bag of lollies.  
They shared them out equally and had one left over.

Just as they had finished sharing the lollies out, three friends came to visit.  
They wanted some lollies too, so the children shared them out again  
between all of them. This time they had two lollies left over.

How many lollies could there have been in the bag?

# Lollies

Henry and Najla	Remainder	Total
2	+1	3
4	+1	5
